TKR OPERATIONS

COMPANY OVERVIEW

TKR Operations provides earth moving equipment, employee carriers, and the associated labour hire to various industries. TKR Operations also executes medium to large scale construction projects, offers opencast drilling services and supplies automotive and diesel engineering services.

WHO WE ARE

The vision of TKR is to become a major job creator as well to impact the communities it operates in positively. We deliver safely, cost-effectively and without harming the environment.

We care and value our employees, we conduct our business in a way that adds value to all stakeholders, and we will grow organically from our current footprint.

GOOD CORPORATE CITIZEN

- Excellent safety record
- 100% Black Owned
- 95% Black Employees
- Provides study assistance to one black, female middle manager
- Employs people from the hosting community as far as possible

70

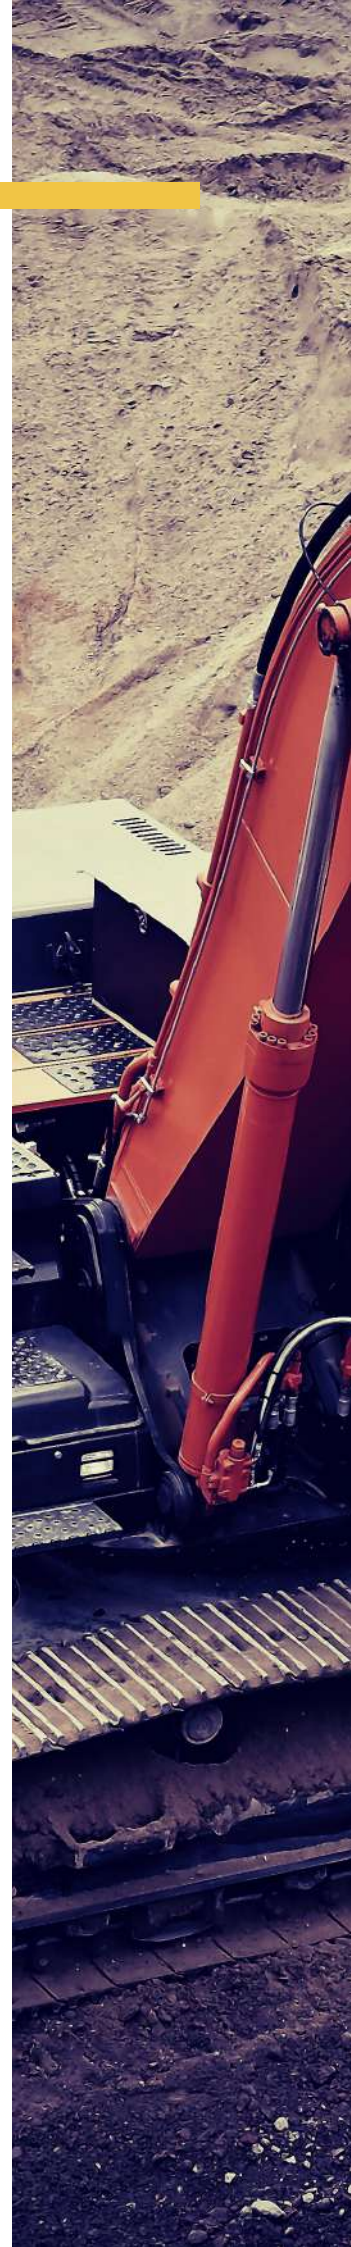

YEARS EXPERIENCE

TKR's leadership team prides itself on more than 70 years of mining industry experience.

100%

BLACK OWNED

TKR Operations is a 100% Black Owned Company.

TKR OPERATIONS

MACHINE RENTAL BUSINESS OVERVIEW

CURRENT OPERATIONS

TKR operates the HPE Africa North West agency and currently operates at Tharisa Minerals near Rustenburg and Brits. The company has mining contracts with Tharisa Minerals who have expanded the scope continuously since inception of the contract. The current contract value with Tharisa Minerals is approximately R100 million.

BUSINESS MODEL

TKR Operations owns the equipment that it rents out to the customer. The preferred model is to own and operate the machinery and people carriers. TKR constantly runs data analysis on all its machines to provide relevant, current operating efficiencies and information.

POSITIONED FOR FUTURE GROWTH

- Highly skilled & competent maintenance team.
- Very good maintenance strategy.
- Hands-on management.

OUR FLEET

- Three 50T Excavators
- Five 30T Excavators
- One low bed truck
- Four 4x4 Employee Carriers
- Two Water Bowsers
- Two CAT 992 Wheel Loaders

TKR OPERATIONS

CONSTRUCTION BUSINESS OVERVIEW

CERTIFICATION

- CIDB 1CE
- CIDB 1GB

TKR Operations has partnered with proven business partners in order to successfully execute construction projects for government, as well as the corporate sector.

PROJECTS

TKR Operations is currently building 100 RDP houses in Cala in the Eastern Cape.

TKR OPERATIONS

OPENCAST DRILLING SERVICES

70 YEARS OF EXPERIENCE

TKR offers opencast drilling services and boasts a competent and skilled team with 70 years of experience.

Our team has a good track record and is committed to on-time, within budget, safe, service delivery. We value and prioritise community engagement and low environmental impact in all our operations.

CURRENT OPERATIONS

Current drilling operations are at Tharisa Minerals, Marikana. TKR maintains a good relationship with the mine due to good adherence to production targets, allowing for uninterrupted production.

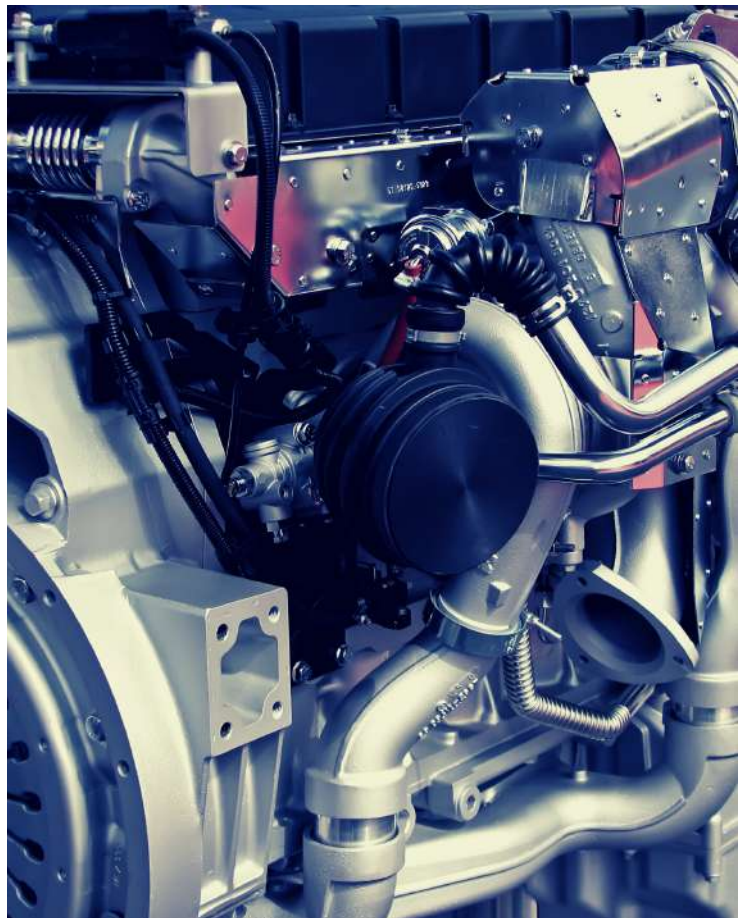

TKR OPERATIONS

AUTOMOTIVE & DIESEL ENGINEERING BUSINESS OVERVIEW

Automotive engineering combined with Reconditioning of Petrol & Diesel Engines and Supplying of new Automotive engine core components as well as engine parts.

Applying insights and experience gained from our machine rental division; we are skilled at ensuring availability of parts and labour, while operating within a production environment which requires time sensitive repairs and maintenance.

We value and implement systems which provide real-time pertinent data to ensure our operations run smoothly and deliver on promise.

DIRECTOR CV

ADRIAN PIENAAR

"18 years mining experience of which 1 year was as acting business improvement manager and 10 years was as a senior financial manager"

Eddie has 18 years mining experience of which 1 year was as a acting business improvement manager and 10 years was as a senior financial manager with various divisions in Anglo Platinum.

He also holds a B. Com; B Com Hons and MBA degrees from North West University as well as a Advance Management Diploma from UCT.

Eddie has been highly instrumental in the sale of Rustenburg Platinum Mines to Sibanye as well as the sale of Union Mine to Siyanda Resources. Other highlights include reducing the total expenses at Union mine from R300m per month to R220m between 2016 and 2017 and R230m under Siyanda.

Subsequent to the sale of Union

Mine Eddie decided to become an entrepreneur, focussing on the mining sector first.

He started TKR operations in the first quarter of 2018.

His notable activities outside of work include having completed 5 Comrades Marathons, as well as numerous other marathons and ultra marathons.

Eddie is also involved in a youth football club; Rustenburg Athletico, where they use soccer to grow and enrich the youth of Rustenburg. The team has 100 kids registered to it.

Eddie is married to Tania Pienaar, a chemical engineer and they have 2 kids.
